Mental Health Skill-Building Services Eligibility Criteria [MHSS]

ACCENT Group and Family Services provides MHSS to individuals with significant functional impairment in major life activities due to a mental, emotional, behavioral, or developmental disorder. The MHSS program uses goal-directed training to enable individuals to achieve and maintain community stability and independence in the most appropriate, least restrictive environment. MHSS is a Medicaid funded program.

MHSS Qualifications

- Receive Medicaid and are ages 18 to 70
- Are diagnosed with a qualifying mental illness
- Have been prescribed psychotropic medication in the last 12 months (even if not taking it)
- Have been hospitalized for crisis services, TDO, or other intensive services
- Have significant impairment in major life activities—problems with daily living skills
- Need skill-building interventions to maintain community stability and independence

- Have difficulty with interpersonal relationships, isolation, and the ability to recognize personal danger or inappropriate social behavior
- Have received repeated interventions from mental health services, social services, or the judicial system

Pre-Screening Assessments are provided by ACCENT for the MHSS program

ACCENT MHSS Provides

- Initial assessment of competency and adaptive functioning
- Individualized treatment plan to address identified issues
- Community-based intervention and crisis response
- Care coordination services with associated professionals
- Referral to community support systems
- Education and training on independent living skills to ensure health and safety
- Skill-building interventions for reduction of isolation and development of interpersonal coping and communication skills
- Goal-directed training to develop and enhance job-related skills
- Mental Health Symptoms Management
- Medication Management

ACCENT Group and Family Services Provides 24/7 Emergency Assistance to MHSS Recipients

Intensive In-Home Services Eligibility Criteria [IIH]

ACCENT Group and Family Services provides IIH services to adolescents and teenagers who are at risk of out-of-home placement or transitioning back to the home from out-of-home placement due to emotional or behavioral needs. IIH is a Medicaid funded program.

IIH Qualifications

- Receive Medicaid and are ages 4 to 21
- Demonstrate a clinical necessity arising from a condition due to a mental, behavioral, or emotional illness that results in significant functional impairments in major life activities and places individuals at risk of removal from their home
- Have difficulty establishing or maintaining normal interpersonal relationships to such a degree that individuals are at risk of hospitalization or out-of-home placement due to conflicts with family or community
- Exhibit difficulty in cognitive ability in recognizing personal danger or significant inappropriate social behavior

Pre-Screening Assessments are provided by ACCENT for the IIH program

ACCENT IIH Provides

- Mental health services
- Intensive individual and family counseling - focusing on behavior and solution-oriented activities
- Service coordination with wrap-around services
- Assistance with parole officers and juvenile justice issues
- Counseling in the home and/or referral to outpatient therapy
- Twenty-four hour crisis intervention
- Behavior management and care coordination services for the individual and family members
- Development of a targeted intensive service plan (ISP) that addresses individual needs of the child and needs of his/her family
- Collaboration with other agencies and providers

ACCENT Group and Family Services Provides 24/7 Emergency Assistance to IIH Recipients
